#### Nukes Are Not the Best Way to Stop an Asteroid

blog.wired.com — Nuclear weapons could be used to stop earth-bound asteroids, but in most instances, they are not the best option, said Apollo astronaut Rusty Schweickart during a public lecture this Wednesday in San Francisco. The scientist explained that all but the largest heavenly bodies can be redirected by rear-ending/towing them with an unmanned spacecraft. [More...](#) (Space)

#### How to Perform a Citizen's Arrest of A Bush Admin Official

huffingtonpost.com — The news that 4 people had been arrested in Iowa while trying to perform a citizen's arrest on Karl Rove got me wondering: Can we arrest Bush administration officials ourselves? So I slogged through a slew of state statutes, and as it turns out, the answer is yes. But only if you live in certain particular states. [More...](#) (Political News)

### Tech Zombies: 6 Technologies That Don't Know They're Dead

cracked.com — Some technologies are like a Tyrannosaurus running down the highway (without the awesome). They made sense once and now they're hideously out of place, carried only by momentum as they stumble toward their inevitable date with the sixteen-wheeler of Progress. ### Read Faster. Way Faster. No, really, I mean WAY faster.

spreeder.com — Extremely useful online speed reading java applet. Any text you copy and paste into it is "flashed" one word at time as fast as you'd like. (I use it offline too by saving it in IE7 as a "Web Archive .mht file" to my local hard drive so it works when I'm disconnected from the internet.)
